

International Bankers Scuttling Our Nation

BY SIDNEY H. FOSTER

Director, First National Spirit of Freedom Crusade

FOR MORE than a half century, "We the People Sovereign" have been reading in our daily papers, and listening to the propaganda from radio and pulpits, from their studios and from their public forums, mostly in the form of prepared scripts, about the virtues of WORLD GOVERNMENT and/or the power of its handmaiden, the United Nations, to "enforce peace."

Never have we seemed to be able to take the time to consider the glaring untruths of their phony arguments.

It is high time, that we take the time **RIGHT NOW** to stop, look and listen, while we consider what our enemies, both within and without the United States, are trying to do to us. Also, what they have done to our liberties, and toward scuttling our nation and our sovereignty.

Before we can fully understand that magnitude of the conspiracy, it is necessary that we first acquire a working knowledge of the true meaning of some of the words and phrases we have become accustomed to hear bandied about. For instance:

What do we understand by the phrase, "We, the People Sovereign"?

What do we think of when we speak of "World Government"?

How can such a world government "enforce peace" without first breaking the peace it is determined to enforce?

We, the People Sovereign

From time immemorial it has been

the dream of intelligent and thinking men everywhere to create a society, or state of political existence, wherein the individual would be master of his own destiny—a state of society wherein he would be free to think, to reason, to act and to worship according to the dictates of his own conscience, so long as he, in so doing, does not infringe upon the rights of others to do likewise.

Once endowed with these rights and privileges, it has been argued that the individual soon learns that it is not he who serves himself first, but he who first serves the other fellow, that serves himself best. That is the very essence of both Christianity, and its handmaiden, cooperation.

But, this is not all that the free man learns. He also soon learns that to be able to cooperate with his fellow man, each must be free to serve his own self-interest, and that freedom is therefore both an indispensable attribute and the end product of individual and collective sovereignty.

He also learns that sovereignty and freedom, if not interchangeable terms, are at least complementary one to the other, and that, like Siamese twins, it is impossible to separate them one from the other. Or, in other words, that, **THERE CAN BE NO FREEDOM WITHOUT SOVEREIGNTY, AND NO SOVEREIGNTY WITHOUT FREEDOM.**

That the Founding Fathers knew, and thoroughly understood the meaning of these Truths, is evidenced by the very

words they used to open the Constitution, which were: "We, the People (sovereign) of the United States, in Order to form a more perfect union, establish Justice, insure domestic Tranquility, provide for the common defense, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America." (Capitalizations mine.)

The Public Interest

To fully understand the true meaning and purpose of the Founding Fathers when they wrote the Preamble to our Constitution, it is helpful for us to take particular note of these words which are capitalized. What are they? We find them to be "We, People, United States, Order, Union, Justice, Tranquillity, Welfare, Blessings, Liberty, Posterity, Constitution, United States of America."

These, then, were the principal self-interest purposes that these immortal patriots of bygone days sought most to serve. Not IN ONE SINGLE INSTANCE DO WE FIND THEM ATTEMPTING TO SERVE THEIR OWN INTERESTS FIRST, but always the interests of their posterity, their country and the justice, the welfare and the liberties that they sought to establish therein.

In commenting upon these facts, the Hon. Thomas James Norton, in his memorable works on THE CONSTITUTION OF THE UNITED STATES, stressed the importance of recognizing them when he said: "It is important to notice that THIS IS A GOVERNMENT OF THE PEOPLE NOT THE STATES. Under the Articles of Confederation, in effect as our first form of Government from 1781 to 1789, the States as political entities, and not the people, entered into 'a firm league of friendship', each State retaining 'its sovereignty, freedom and independence'.

But the Constitution brought in a new nation, 'deriving its just powers from the consent of the governed'."

But it was Patrick Henry—that redoubtable patriot who so vehemently proclaimed, "Give me Liberty, or give me Death" — who first enunciated that Truth when, in leading the opposition to adoption of the Constitution, he said, "Its language, 'We, the People' is the institution of one great consolidated NATIONAL GOVERNMENT of the people of all the States, instead of a Government by compact with the States, or its agents."

And President Monroe confirmed this status when he said, "The People, the highest authority known to our system, from whom all our institutions spring, and on whom they depend, formed it."

People are Sovereign

This, then becomes perhaps the most crucial subject of the hour, for upon recognition of the patent Truth that IT IS THE PEOPLE WHO ARE SOVEREIGN, AND NOT THE STATES, OR THE FEDERAL GOVERNMENT, rests the legality of much of the legislation enacted during the first 50 years of this century. This legislation, if allowed to stand, will effectively deprive "We, the People Sovereign" of many of those "inalienable" and fundamental Constitutional rights to which we were born heir.

Fortunately, the question has at least been partially answered for us by the Supreme Court, when it, in 1905, rendered its famous decision asserting that "It (the assertion of the People in the Preamble of their Constitution that it was they, and they alone, who created it) has never been regarded as the source of any substantive (independent) power conferred on the Government of the United States, or any of its Departments," or, in other words, that the government has no power beyond that which is acquired from the people who

created it, and that it therefore possesses no power to barter away or surrender the sovereign rights of the People without the People's consent.

Thus there is the crucial question, when did the Sovereign People of these United States ever give to their elected representatives the power to surrender their sovereignty to any form of "World Government," or other international body?

So the first and most formidable obstacle that any conspiracy to create a World Government must overcome, to wit: to destroy the Sovereignty of the People of the United States of America. Unless they can accomplish this subversion all other efforts are sterile.

THE UNITED NATIONS IS ONLY THE "FRONT" FOR THE REAL POWER THAT OPERATES AS A SOVEREIGN ENTITY FROM BEHIND THE SCENES. That "international group" dictates to this and that power, including the United Nations, what it can and cannot do, and what it must and must not do.

International Monetary Fund and International Bank of Reconstruction and Development

These two International Agencies, be it remembered, were proposed at the so-called United States Monetary and Financial Conference which convened at Bretton Woods, New Hampshire, on July 1, 1944, but they had been projected in draft form by Harry Dexter White in 1942, before any talk of an organization such as the United Nations had been made public. Donald Hiss, brother of Alger Hiss, is reliably alleged to have played a very prominent role therein.

According to the terms of the agreement, or proposal presented there, it was to take effect when 65 percent of the total quotas set forth in its Schedule "A", had been signed and deposited—but in no event, before May 1, 1945, or after Dec. 31, 1945. It was actually approved by Congress July 31,

1945, and soon thereafter signed into law, thereby dispelling for all time any idea that the Fund and the Bank were creations of the United Nations, although all three have been reliably reported to have been masterminded by Harry Dexter White and the Internationalist-Alger Hiss crowd, their advocates and/or masters.

These proposals were proposed to, and approved by, Congress substantially in their original form, with but a few minor changes or reservations which, on close examination, are found to strengthen, rather than to lighten, the strangleholds they fastened around the throats of the American people.

Let us now see just what these proposals provide, and then, when we have done this, let us ask ourselves: "Where lies the sovereign power in these United States of America once these proposals have been ratified by We, the People Sovereign?"

Article I. After reciting a long list of beneficent purposes, which one authority characterized as "A Beautiful Plentitude of oratorical words—more conclusions and assertions that are not supported by the body of the agreement," it proceeds to tell us just who the original members of this institution were, in the following words:

Article II. The ORIGINAL MEMBERS of the Fund shall be THOSE OF THE COUNTRIES represented at the United States Monetary and Financial Conference whose Governments accept membership before the date specified Article XX, Sec. 2 (c).

We would here call the reader's attention to the peculiarly extraordinary wording of the paragraph, which declares that the *original members are not the nations, but the Individuals* of the Countries alleged to be represented at the Conference. (When we printed this article in April, 1957 we listed all of the names of the individuals present at this Conference.)

Nature and Extent of the Take

TO SET THE STAGE FOR THE GREATEST DRAMA EVER TO BE PLAYED SINCE THE CRUCIFIXION, TWO INTERNATIONAL SUPERSTATE ORGANIZATIONS OF SUBSTANTIALLY THE SAME POWERS WERE PROPOSED: (a) The International Monetary Fund, which was to have precedence and (b) The International Bank of Reconstruction and Development. (Remember, these two Agencies were proposed at Bretton Woods, New Hampshire, on July 1, 1944, before the conspirators even mentioned organizing the UN).

The first of these organizations was to have a capitalization of \$8,800,000,000, divided into 8,800,000 shares of the par value of \$1,000 each, and the second organization \$9,100,000,000, divided into 9,100,000 shares of like par value, making in all a capitalization of \$17,900,000,000, of which aggregate sum the United States was to subscribe \$5,925,000,000, payable not less than 25 percent in gold, and the balance in each member's currency EXPRESSED IN TERMS OF GOLD as a common denominator, or in terms of U.S. Dollars of the weight and fineness in effect on July 1, 1944.

Machinery for the Accumulation Of Additional Gold

But such was only the beginning of the accumulation of the greatest gold hoard the world has ever seen. The proposals are literally filled with legal fish hooks for extracting additional gold from its unwary or helpless members. For instance:

Section 4 of Article III requires each member which "consents" to an increase in its quota to pay the Fund 25 percent of the increase in gold.

Section 1 of Article IV provides that the par value of the currency in each member shall be expressed in terms of gold as a common denominator, or in terms of the U.S. Dollar of the weight

and fineness in effect July 1, 1944.

Section 8 of Article IV provides for the maintenance of the gold value of the Fund's assets. When it is considered these assets may consist both of the currencies and the obligations of member nations, it would be difficult to even approximate the amount of gold that would have to be paid into the Fund to maintain such value.

Section 6 of Article V provides that any member seeking to acquire the currency of another can do so by purchasing it from the fund for gold.

Section 7 of Article V permits its members to purchase any part of the Fund's holdings for gold, but makes no mention of any contract by which it may subsequently require a member to do so in order to obtain the Fund's favors.

Thus is it made abundantly clear that the *purpose of the Fund is very definitely to separate the nations of the world from their gold, and then to return them to the gold standard*, in spite of the fact that the Supreme Court of the United States, in the now famous Gold Cases held that "THE GOLD STANDARD MONEY SYSTEM, OR ANY KIND OF MONEY MEASURED IN GOLD, WAS AGAINST PUBLIC POLICY AND IN VIOLATION OF THE CONSTITUTION, BECAUSE IT DESTROYS OUR CONSTITUTIONAL POWER TO REGULATE, AND OUR OWN INDIVIDUAL RIGHT TO CONTRACT ACCORDING TO OUR INTENTIONS."

Thus it revealed the real purpose of this supernational International Monetary Fund—to reimpose the gold standard monetary system upon the nations of the world—a system that has been the direct cause of more money panics, more human misery and more blasted opportunities than any other single factor known to man. Thus it will be possible to destroy our Constitution, to vitiate the decision of our Supreme Court, and to give the International Monetary Fund the power to

regulate the number of dollars in circulation by arbitrarily limiting them to a definite ratio (which it has the power to fix) to a fluctuating hoard of gold buried in some subterranean cavern, God knows where. Thereby, they will be able to manipulate the purchasing power of the dollar, while leaving its debt-paying and tax-paying value unimpaired. In short, they will have the power to make and break all private industry at will.

They will have EVEN THE POWER TO ORDER OUR U.S. GOVERNMENT TO CALL IN ALL CURRENCY IN CIRCULATION IN EXCHANGE FOR A NEW CURRENCY AT A RATIO OF NEW FOR OLD. This will effectively confiscate the greater portion of the hard-earned savings that We, the People Sovereign have managed, by sweat and toil to accumulate for a rainy day, or to tide us over the agonies of another international banker-made depression brought on by the sinful gold standard monetary system.

WE HAVE ALREADY LEARNED THAT IT IS "WE, THE PEOPLE SOVEREIGN" WHO ALONE HAVE THE POWER TO LEGALLY AMEND THE CONSTITUTION. As the Supreme Court has already held the gold standard monetary system to be unconstitutional, **IT WILL REQUIRE A CONSTITUTIONAL AMENDMENT APPROVED BY WE, THE PEOPLE SOVEREIGN, TO MAKE IT LEGAL,** and no one knows this better than the Internationalists.

Re-establish Gold Standard

That, then, is the one great effort that all Vigilant Constitutionalists should be on the lookout for—**A PROPOSAL TO AMEND THE CONSTITUTION** by an act of We, the People Sovereign, in such a manner as **TO PERMIT THE RE-ESTABLISHMENT OF THE GOLD STANDARD MONETARY SYSTEM,** as well as to avoid the provisions of our Constitution which state

that "Congress shall coin money and regulate the value thereof."

The \$300,000,000 in greenbacks which Lincoln issued for that purpose, and which are still in existence and in circulation in spite of the repeated efforts to get rid of them, have, according to calculations made from reliable figures introduced on the floor of CONGRESS BY CONGRESSMAN PATMAN OF TEXAS, **ALREADY SAVED THE AMERICAN PEOPLE IN EXCESS OF 30 BILLION DOLLARS IN INTEREST AND CARRYING CHARGES ALONE.**

This provides an important clue to the motives behind the planned Crusade for a return to the gold standard.

But let us get back to our problem: "Who is scuttling our nation?"

To facilitate the accumulation of this vast hoard of gold, and give it and/or its manipulators the attributes of sovereignty, **THE GOVERNORS OF THE INTERNATIONAL MONETARY FUND ARE FURTHER ENDOWED WITH THE FOLLOWING:**

Sovereignities, Immunities, and Privileges

A familiarity therewith being the only way in which we can gain an understanding of the magnitude and far-reaching effects of the conspiracy that has been foisted upon us.

Section 1, Article IX. Purpose of the Article. This provides that, "to enable the Fund to fulfill its functions with which it is entrusted, the Status, immunities, and privileges set forth in this Article shall be accorded to the Fund in the territories of each member."

Section 2, Article IX, "Status of the Fund. The fund shall possess full juridical personality, and, in particular, the capacity to: (1) To contract; (2) To acquire and dispose of immovable and movable property; (3) To institute legal proceedings."

Now dictionaries define "juridical" as meaning the right of self-administration and office of judge.

THUS THESE TWO SUPERNATIONAL INSTITUTIONS, whose powers and privileges are substantially identical with the exception of capitalization, and the further fact that the existence of the Bank is predicated upon the existence of the Fund, and is therefore subordinate thereto, have been clothed WITH FULL SELF-DETERMINATION, INCLUDING THE POWER TO JUDGE, DETERMINE THEIR OWN STATUS, AND ENFORCE THEIR OWN DECISIONS OVER ALL SUBORDINATE MEMBER NATIONS, AND REDUCE THEM TO THE STATUS OF INFERIOR ENFORCEMENT BODIES. Witness how these provisions are made doubly secure by the terms of the following.

Section 10 of Article IX provides: "EACH MEMBER SHALL TAKE SUCH ACTION AS IS NECESSARY IN ITS OWN TERRITORY FOR THE PURPOSE OF MAKING EFFECTIVE IN TERMS OF ITS OWN LAW THE PRINCIPLES SET FORTH IN THIS ARTICLE, AND SHALL INFORM THE FUND OF THE DETAILED ACTION WHICH IT HAS TAKEN."

Section 3, Article IX, provides Immunity for Judicial Process in the following words:

"The Fund, its property and its assets, wherever located and by whomsoever held, shall enjoy immunity from every form of judicial process except to the extent that it expressly waives its immunity for the purpose of any proceedings by the terms of any contract."

In other words, except for propaganda purposes, with an idea of pulling the wool over the eyes of the public, and/or other purposes beneficial to the Fund, IT IS ABOVE AND BEYOND THE POSSIBILITY OF BEING SUED IN THE COURTS OF EVERY STATE AND GOVERNMENT WHEREIN IT IS DOMICILED, or wherein it has property or interests of any and every

character.

Section 4, Article IX, proceeds to heap insult upon injury by providing further immunities from other action:

"The property and assets of the Fund, whenever located and by whomsoever held, *SHALL BE IMMUNE FROM SEARCH, REQUISITION, confiscation, expropriation, or any other form of seizure by Executive or legislative action.*"

Thus does the International Monetary Fund and its companion in sovereign monopoly, place itself above the reach of the process of Eminent Domain, EVEN IN TIMES OF WAR. Apparently its sponsors and/or manipulators, consider it all right to commandeer the manpower, the Liberty and the Property of We, the People Sovereign, not only in times of War, but in any other emergency affecting its welfare, or sovereign status, but not so the Liberty and the Property of the Fund, which it takes care to keep immune from confiscation, appropriation or requisition, or any other form of seizure by Executive or Legislative action.

Does this explain the otherwise inexplicable action of the Executive Departments of the United States of America IN CLAMPING DOWN UPON AND SILENCING ANY AND ALL TESTIMONY BEFORE CERTAIN SENATORIAL INQUISITORIAL BODIES endeavoring to UNCOVER DISLOYAL AND TREASONABLE PRACTICES IN OUR ARMED SERVICES? Was the Executive Department in so doing merely carrying out and into effect a mandate from one or the other of these two International super-States which requires it to take such action in its own territory as it may prescribe "for the purpose of making effective in terms of its own law the principles set forth in this Article (Section 10 of Article IX), and shall inform the Fund of the detailed action which it has taken"? Is this possibility not further strengthened by the terms of Section 5

of Article IX which says: "The archives of the Fund shall be inviolable"?

In other words, **THE ARCHIVES OF THESE TWO INTERNATIONAL SUPER-STATES, DOMICILED WITHIN OUR BORDERS, CAN NEVER BE SEARCHED BY THE FBI OR OTHER INQUISITORIAL BODIES FOR ANY REASON WHATSOEVER,** or made available to them, even though they may be bulging with evidence that would indelibly brand them archenemies of any and every form of Constitutional Government, and the inalienable rights of every free citizen of whatsoever Country he may be a national.

Section 6, Article IX, further seeks to button up the Fund's supernatural control of all members, and chink any possible crevice that might develop in its armor by providing that, "To the extent necessary to carry out the operations provided for in this agreement, all property and assets of the Fund shall be free from restrictions, regulations, controls, and moratoria of any nature."

What a boon such a provision would be to the operations of a bandit gang seeking to loot loyal members of We, the People Sovereign of our Liberty and our property, thus reduced to the status of abject human slaves without power to inspect its burglary tools, its stocks of dynamite, nitroglycerine and atomic bombs.

Section 7, Article IX further provides that:

"The official communications of the Fund shall be accorded by members the same treatment as the official communications of other members."

Thus the **OFFICIAL COMMUNICATIONS OF THE FUND SHALL ENJOY THE SAME DIPLOMATIC STATUS AS ANY OTHER NATION WITH CONSULAR** representation within our sovereign territories, but with this difference: **WE CAN ASK THE CONSULAR REPRESENTATIVES OF OTHER NATIONS TO LEAVE,**

BUT NOT SO THE FUND. They alone can tell us what we can and cannot do, while they remain free to transmit to other officers of the Fund, or to the Fund's satellites, whatever evidence its or their espionage agents are able to gather respecting the military and/or other confidential operations of our security forces, "top secret," or otherwise.

Having thus securely appropriated unto themselves every security protection or other benefit that We, the People Sovereign have from time immemorial been in the habit of enjoying in these United States of America **THE FUND PROCEEDS TO PLACE ITS EMPLOYEES ABOVE THE LAW IN EACH OF THE 44 SOME ODD STATES WHICH HAVE APPROVED THESE UNPARALLELED RIGHTS, PRIVILEGES AND IMMUNITIES,** by the terms of Section 8, Article IX, relating to the "Immunities and Privileges of Officers and employees, as follows:

"All Governors, Executive Directors, Alternates, Officers and employees of the Fund:

"(1) Shall be immune from legal process with respect to acts performed by them in their official capacity, except when the Fund waives this immunity.

"(2) **NOT BEING LOCAL NATIONALS** shall be granted the same immunities from immigration restrictions, alien registration requirements and national service obligations, and the same facilities as regards exchange restrictions, as are accorded by members to the representatives, officials and employees of comparable rank of other members."

Thus is the alien status of its Governors, Executive Directors, alternates, officers and employees fully established. Thus are they shorn of all rights under the Constitution of the United States of America, and given extraconstitutional rights under the privileged status of aliens operating within the national boun-

daries of the United States, a sword that may yet prove to have more than one cutting edge.

"(3) Shall be granted the same treatment in respect to traveling facilities as is accorded by members of representatives, officials and employees of comparable rank of other members."

THIS IS BUT AN EXTENSION OF THE SAME DIPLOMATIC IMMUNITIES WITH RESPECT TO TRAVEL AS APPLY TO IMMIGRATION RESTRICTIONS OF THE EMPLOYEES OF THE YET TWO OTHER SUPERNATIONAL STATES THAT ARE intimately identified therewith.

But lest it be contended that the operations of these super-states, which together possess and enjoy all the rights of sovereignty, are not detrimental to the operations of private enterprise in these United States of America, we invite our readers, particularly those great industrial organizations that have been catering to foreign trade, to read and weep at the following discriminations.

Immunities From Taxation

Section 9 of Article IX, provides:

"(a) The Fund, its assets, property income and its operations and transactions authorized by this agreement, **SHALL BE IMMUNE FROM ALL TAXATION AND FROM ALL CUSTOMS DUTIES.**"

In other words, this, the greatest and most extensive business on earth, the finance business, is privileged to operate within the territorial jurisdiction of the United States of America and its dependencies, free from the payment of all taxes and all customs duties, which its competitors are required to pay.

Thus is it enabled to operate an unfair advantage over other financing organizations, **AND TO FLOOD THE MARKET WITH THEIR TAX-FREE AND CUSTOM-EXEMPT GOODS ACQUIRED BY FORECLOSURE** or other proceedings in any Country wherein or to which it may have made loans.

How can any private industry expect to continue to pay taxes upon its operations and its products, including imports and exports, in competition with such unfair advantage accorded an International rival?

How, also, does our so-called Social Security and other retirement benefits or unemployment fund legislation fare in such an atmosphere of discrimination, especially when an additional provision of Section 1, Article IX, provides that:

"The Fund shall also be immune from liability for the collection or payment of any tax or duty," and:

"(b) **NO TAX SHALL BE LEVIED ON OR WITH RESPECT TO SALARIES AND EMOLUMENTS PAID BY THE FUND to Executive Directors, alternates, officers or employees of the Fund, WHO ARE NOT LOCAL CITIZENS, LOCAL SUBJECTS, OR OTHER LOCAL NATIONALS.**"

If the reader needs any further proof of the alien nature of this supernational outfit, we must confess that we don't know the nature of the proof he is looking for. Here, for the second time, it is specifically and emphatically emphasized that its Governors, Executive Directors, alternates, officers and employees are not citizens of the U.S., but **ARE NONCITIZENS**, a provision which, if we can read and interpret the English language correctly, can have but one implication, **AND THAT IS, THAT WHEN AN AMERICAN CITIZEN ACCEPTS EMPLOYMENT WITH THE FUND, HE FORFEITS HIS CITIZENSHIP RIGHTS.**

And yet, as if to heap insult upon injury, and to deliver the final and crushing blow to private enterprise in America, it is provided in the following:

"(c) **NO TAXATION OF ANY KIND SHALL BE LEVIED ON ANY OBLIGATION OR SECURITY ISSUED BY THE FUND, INCLUDING ANY DIVIDEND OR INTEREST THEREON, BY WHOMSOEVER**

HELD, (1) which discriminated against any such obligation or security solely because of its origin; or (2) if the sole jurisdictional basis of such taxation is the place of currency in which it is issued, made payable, or paid, or the location of any office or place of business maintained by the Fund."

THUS THE FUND IS PRIVILEGED TO ISSUE AND SELL THE SECURITIES OF ANY NATION, EVEN ENEMY NATIONS OF THE UNITED STATES OF AMERICA,

TAX-EXEMPT AND EXECUTION-FREE TO AMERICAN INVESTORS in open competition to the obligations and securities of private industry, and thus to siphon away domestic capital and utilize it to build the resources of other nations, competitive, enemy, or otherwise, yea, even Communist nations. THE DISASTROUS EFFECTS OF SUCH A PRIVILEGE UPON THE BOND AND INVESTMENT MARKET in the United States of America should be obvious.

James J. Kilpatrick— Conservative Quisling

BY C. B. BAKER, Editor, *Statecraft*

TO MOST AMERICAN conservatives, news columnist James J. Kilpatrick is the symbol of Conservative "respectability." Kilpatrick writes for liberal approved publications, such as *National Review*. Whenever a mock "Conservative" is needed to "balance" the panel on the "Meet the Press" T.V. Show, Kilpatrick is usually wheeled out. Kilpatrick himself is a perfect example of the liberal-approved "Conservative."

Kilpatrick's recent columns show something other than reflections of Conservative philosophy. In fact, they echo and support the totalitarian liberal political line. A close look at just a few of these columns gives empirical proof of Kilpatrick's support of liberalism.

In a 1965 column, Kilpatrick praised the record of former Supreme Court Justice Arthur Goldberg. During his stay on the Supreme Court, Goldberg usually voted with the liberal majority. Goldberg's court votes helped to unleash hordes of criminals upon society. Goldberg voted with the majority to give passports to Communists. Gold-

berg also aided and abetted the destruction of private property rights. In describing Goldberg's record, Kilpatrick wrote "*It was mostly for the good—the libertarian record is there.*" No patriot or Conservative could possibly praise a creature such as Goldberg.

In another 1965 column, Kilpatrick gave his support to liberal totalitarian anti-gun laws. His column of June 1, 1965 supported Dodd's anti-gun bill. Most sections of Senator Dodd's gun bill have been adopted into "law" including the banning of interstate shipment of firearms to citizens and the totalitarian Federal registration (in the form of required Federal records) of all gun sales. Quisling Kilpatrick stated, "If we are serious about making war on crime in this country, Senator Dodd's bill, in some form, surely should be adopted." Kilpatrick went on to echo the liberal line. "It is absurd to contend . . . that the Dodd bill violates the Constitutional right of the people to keep and bear arms." In this column, Kilpatrick openly identified himself as an enemy of every American gun owner.
